May 15, 1969

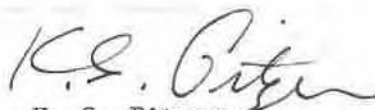

Mr. Carroll F. Chatham
Chatham Research Laboratories
70-14th Street
San Francisco, California 94103

Dear Mr. Chatham:

It gives me great pleasure to send you Stanford's thanks for the Chatham Created Emerald crystal from Chatham Research Laboratories. Your thoughtfulness in giving this crystal to assist research in the Department of Physics is most encouraging, and I know that Professor Schawlow and his colleagues share my gratitude. Please convey our appreciation to your associates for their interest and support.

With best personal regards, I am

Yours very sincerely,

K. S. Pitzer
